

Maxeon 3

SPR- X22-XXX-COM

Commercial Solar Panel

470–485 W | Up to 22.4% Efficient

 Ideal for commercial applications

 White backsheet, silver frame

More Lifetime Energy

Designed to maximise energy generation through leading efficiency, enhanced performance in high temperatures, and higher energy conversion in low-light conditions like mornings, evenings and cloudy days.

Uncompromising Durability

Engineered to power through all types of weather conditions with crack-resistant cells and reinforced connections that protect against fatigue and corrosion, to an electrical architecture that mitigates the impact of shade and prevents hot-spot formation.

Superior Sustainability

Clean ingredients, responsible manufacturing, and lasting energy production for 40 years make Maxeon panels the most sustainable choice in solar.

The Industry's Longest Warranty

Maxeon panels are covered by a 40-year warranty¹ backed by extensive third-party testing and field data from more than 50 million panels deployed worldwide.
